PROFESSIONAL SUMMARY:

I am a Licensed Social Worker with experience and training in healthcare social work, adult mental health, community social work, and social work academia. I am experienced in performing assessments, biopsychosocial assessments, treatment plans, and discharge planning. I have worked with patients, written patient notes, and performed motivational interviewing, psychotherapy, and counseling. Coordinating care with multidisciplinary teams and advocacy for patients in the healthcare system have been a part of my experience. I facilitated support groups when working in the shelter home with unhoused individuals. I have earned trauma-informed care practice certification, which makes me certified to apply principles of trauma care when working with people.
